While serving on the Board of Directors, I've been a strong advocate of the Women's Center, the new Union City Clinic, the Mobile Health Clinic, and the expansion and upgrade of our emergency room facilities.

I'm committed to broadening our role as the region's premier medical center. We achieve this through state-of-the-art medical facilities, such as our Center for Joint Replacement and Heart Program. And I am committed to making sure our community hospital continues to invest in its most valued resource—our talented, dedicated employees.
